About Us

Rajlaxmi Industries is a pioneering company that plans, designs, manufactures, installs, trades and service of machines, equipments and furniture for discerning hotels, restaurants, bakeries, dairies, pharmaceutical companies, laboratories, home, office, educational institute, hospital, catering companies etc

It is committed to improve the working lives of its customers by engineering solutions that make equipment safer, more efficient and exceptionally cost-effective. Research and development department of Rajlaxmi Industries is focus on product innovations to save energy and help customers to grow their business; a philosophy that is facilitated by the fact that the company sources only the finest materials and employs the latest technologies.

From the initial product inception stage, the company carries out extensive prototype testing and design proving for both custom built and standard products, using ground-breaking tools and techniques. Rigorous quality checks are regularly made during manufacturing to ensure that the final product not only meets but also exceeds customer expectations.

Dedicated to delivering product and service excellence, **Rajlaxmi Industries** business model and equipment portfolio have been created to respond its customers' requirements and deliver ever-greater levels of quality and value: its highly trained and dedicated team of engineers use their analytical skills, practical experience and creative talents to provide leading edge and commercially astute solutions.

Rajlaxmi Industries is the first company in its sector to be awarded by ISO 9001-2000 accreditation and quality assurance remains at the forefront of all the products and services of company.

Mission

Our mission is to exceed industry standards while delivering the service its customers deserve.

Vision

Our vision is to become the global market leader in the supply of high quality equipments by increasing our production capacity and further widening our customer-base by providing competitive price and best quality.

Rajlaxmi Industries is not here to be an also-ran. It is here to be a pioneer, to be the best, nothing less. To sum up the intent of **Rajlaxmi Industries** vision and mission statements is relatively easy to do – Quality Is Our Tradition. And to achieve this it must listen to them, anticipate their needs, and act to create value for their very specific and individual requirements.
